A few more edits from me, nothing major, just for clarity.

Subject: FW: PFBS info/talking points
Importance: High

For awareness – the release went out. We are prepping for possible questions (attached). And once we (CPHEA) have the press release URL from Carolyn, we will also push a listserv announcement through the HERA distro. (JOZ wanted to have it amplified through any appropriate listservs.)

Do you have any concerns/edits on the attached? It has Samantha's edits incorporated already.

Kelly

Subject: PFBS info/talking points

Hi Samantha,

We're anticipating media inquiries after the agency takes down the PFBS assessment. I've attached the memo that went over to the Acting Administrator/senior leadership that described the issues associated with release of the PFBS assessment. Would you be able to look through the document and see if there is key information in it (or more importantly, any key points that might be missing), that would be useful as talking points/Q&As for responding to media. That would help a lot if Jennifer is asked to do interviews.

Sorry for the firedrill, but it would be great if you could look at this soon. Sounds like the document could come down as early as today.

-Lou
